## **2014-2016 DIVE TRIP SURVEYS**

With Halloween approaching, cooler weather usually isn't far behind. If you're like me, that first whiff of fall air finds us dreaming of tropical beaches, balmy breezes and clear, warm waters replete with colorful fish, exhilarating pelagics, and exciting marine encounters that leave friends and family shuddering with envy and delight! It's no wonder that our club's Trip Planners are busy now looking into fun future dive destinations, and we'd love to have your input.

*SURVEY #1:* A short, simple inquiry for everyone as to where you might like to go in 2014 and beyond. Let your imagination take you away for about 2 minutes and let us know where you might like to go diving in the [2014-2016 Destination Survey](#).

*SURVEY #2:* The second is for women only, as we'd like to find out if there is enough interest within the club to offer a week's diving on a liveaboard for just the gals. If you're a woman diver, please let us know whether or not this idea appeals to you by completing our [Women's Liveaboard Survey](#).

If you haven't yet discovered us online at Northern California Rainbow Divers' Facebook page, you're missing out on club news, members' dive photos and videos, announcements and buddy posts. For those of you who don't use Facebook, Facebook accounts are free. You can click on the "Join Group" button to join the page, and then once you've been added, our postings and comments will become visible to you. This is a closed group, which means that anything posted on our page is visible only to you, the members of our club, but not to the general Facebook community and not on the internet at large.

The September edition of the club's *Buddy Line* newsletter is available for your reading pleasure! Read all about this summer's dive expedition to Southern California's Channel Islands, new annual travel insurance coverage, the re-opening of our local Pacific Grove hyperbaric chamber, the dollars and cents that run our dive club, and lastly, our upcoming events calendar!
