Dear No. California Rainbow Divers:

On behalf of the Board of Directors and all of us at the Monterey Bay Sanctuary Foundation, thank you for your gift of \$5,285.00, to be used for reopening and operating the Pacific Grove Hyperbaric Chamber. We are grateful for your leadership and generosity. The Chamber is an important resource in our local community, and we have joined a consortium of other organizations to work with the City of Pacific Grove to ensure it is adequately funded and operational.

The mission of the Monterey Bay and Channel Islands Sanctuary Foundation is to advance the understanding and protection of the Monterey Bay National Marine Sanctuary, the Channel Islands National Marine Sanctuary, and other coastal and ocean resources in California. Supporting the chamber, and ensuring our area remains a world-class diving destination, is a logical extension of our work.

Since 1995, our organization has been engaged as a non-profit partner and fiscal sponsor of many local, state and federal projects. Now more than ever, the role of non-profits such as ours is especially critical in environmental conservation. We're especially enthused about our role in the State of California's historic creation of a network of marine protected areas along the entire coast as part of the Marine Life Protection Act. You may find out more about that project at: www.CaliforniaMPAs.org.

We appreciate your leadership and thoughtfulness.

Sincerely,

Dennis J. Long
Executive Director
